TEAM LEAD & TEAM MEMBER WORKFLOWS

Supervisory Review Chain, Daily Task Execution & 6:00 PM Work Reporting Protocols

3. TEAM LEAD WORKFLOW — DELEGATION & LEVEL-1 QUALITY REVIEW

Supervises assigned team members, sets deadlines, conducts Level-1 quality reviews, and requests revisions

STEP 1: Monitoring Team Workspace

Sidebar Navigation: Click on Department Operations ? Tasks & Delegations.

Filter View: Use Tab "My Team Tasks" or Filter by your Team.

Visibility: Team Leads see all tasks belonging to their team members with real-time progress % and deadline tags.

STEP 2: Delegating Tasks to Team Members

Action: Click "+ New Task" button.

Form Fields:

1. **Task Title & Priority:** High / Urgent for critical client deadlines.
2. **Assignee:** Select team member from dropdown.
3. **Estimated Hours & Deadline:** Specify expected turnaround.
4. **Specialized Specs:** Fill creative brief / dev requirements.

STEP 3: Level-1 Review & Deliverable Inspection

When Member Submits Work: Task status changes to **SUBMITTED**.

How to Inspect: Open Task ? Review Attached files / Google Drive / Figma / Loom links in *Task Attachments* relation manager.

If Approved: Click "Review & Pass to Head" ? Level-1 timestamp and Lead ID recorded ? Task sent to Department Head.

If Changes Needed: Click "Request Revision" ? Type specific feedback ? Revision counter increments & status becomes **REVISION REQUIRED**.

STEP 4: Reviewing Daily Work Reports

Sidebar Navigation: Click on Department Operations ? Daily Work Reports.

Action: Open member report ? Click "Review & Acknowledge" ? Add remarks (e.g. "Good progress on wireframes").

4. TEAM MEMBER (EMPLOYEE) WORKFLOW — DAILY WORK & 6:00 PM REPORTING

Personal task queue, updating progress, uploading deliverables, and filing mandatory 6:00 PM check-in

STEP 1: Morning Check-in & Viewing Assigned Tasks

Sidebar Navigation: Click on Department Operations ? Tasks & Delegations.

Default Tab: "My Assigned Tasks".

Action: Open today's task ? Change status from Not Started to In Progress.

STEP 2: Attaching Deliverables & Submitting Task

When Work is Ready:

1. Scroll to **Task Attachments / Links** tab.
2. Click "Add Deliverable Link" ? Paste Google Drive, Figma, GitHub PR, Canva, or Loom URL.
3. Click row action "Submit Deliverable" ? Enter submission remarks ? Status becomes **SUBMITTED** (Progress 100%).

STEP 3: Handling Revision Requests

If Lead/Head Requests Revision:

- Task status shows **REVISION REQUIRED**.
- Open task ? Check *Task Revisions* tab to read exact feedback.
- Update files/links & click "Submit Deliverable" again.

STEP 4: Mandatory 6:00 PM Daily Report Submission

Sidebar Navigation: Click on Department Operations ? Daily Work Reports.

Action: Click "+ Submit Daily Report" button.

Auto-Filled Data: Employee Name, Code, Department, Team.

Task Items Repeater: Click "+ Add Task Worked" for each item ? Select Task Title, Hours Spent, Deliverable Summary, Work Links, and Blockers.

Sales Team Detail (If Sales): Enter Calls, Meetings, Proposals, Deals Closed, Revenue.

Cutoff Rule: Submitting ? 6:00 PM = **ON-TIME**. Submitting > 6:00 PM = **LATE**.

2-Tier Quality Approval Protocol

STAGE	ACTOR	PERMITTED ACTIONS	NEXT DESTINATION
1. Submission	Team Member (Assignee)	Upload files, paste URLs, click Submit Deliverable	Task moves to Team Lead Review Queue
2. Level-1 Review	Team Lead	- Review & Pass to Head - Request Revision	Passes to Department Head OR Returns to Member
3. Level-2 Final Approval	Department Head	- Approve & Complete - Request Revision	Marked Completed (100% Turnaround Clock Stops)

TEAM 5 Sales & CRM Daily Outreach Workflow

OUTREACH METRIC	DESCRIPTION & DAILY REPORTING FIELD	IMPACT ON PERFORMANCE SCORECARD
Leads Received & Contacted	New inquiries assigned from digital campaigns + first contact attempts	Measures speed-to-lead response rate
Calls & WhatsApp Messages	Total outbound telephone conversations + WhatsApp follow-ups made	Direct measure of daily outreach volume
Meetings & Site Visits Booked	Client appointments scheduled for project inspection / office briefing	High-weight KPI conversion indicator
Proposals Sent & Deals Closed	Formal quotations dispatched + finalized signed contracts	Direct pipeline revenue generation metric
Revenue Generated & Lost Reasons	PKR monetary value booked + categorized root causes for lost leads	Monthly sales attribution & objection analysis

DEADLINE PROTOCOL, NOTIFICATIONS & AUDITING

6:00 PM Reporting Cutoff Enforcement, CLI Automation & Composite Performance Calculation

6. MANDATORY 6:00 PM DAILY REPORT CUTOFF RULES

Automatic timestamping and color-coded status assignment on every report submission

Deadline Categorization Rules

? ON-TIME (? 6:00 PM)

Submitted anytime on or before 18:00:00. Boosts employee reliability score.

? LATE SUBMISSION (> 6:00 PM)

Submitted after 18:00:00. Flags timestamp in orange; slight penalty on reliability score.

? MISSING REPORT (UNSUBMITTED)

No submission recorded for active employee on that date. Triggers automated alerts.

Automated Notification CLI Command

Cron / Console Command:

```
php artisan work-reports:check-deadline
```

Execution Logic:

- 1. Scans all active employees in each company.
- 2. Compares active staff against today's submitted `daily_work_reports`.
- 3. Broadcasts real-time in-app Filament database notifications to Department Heads and Team Leads with list of missing staff.
- 4. Logs incident in system audit trail.

7. COMPOSITE EMPLOYEE PRODUCTIVITY SCORECARD (0-100 FORMULA)

Mathematical formula evaluated inside `CalculateEmployeeProductivityService`

Productivity Score Components & Weightage

Metric Pillar	Max Weight	Formula / Calculation	Impact on Overall Performance
Task Completion Rate	40 Points	$(\text{Completed Tasks} / \text{Total Assigned}) \times 40$	Rewards timely finishing of all assigned work
Daily Report On-Time Rate	30 Points	$(\text{On-Time Reports} / \text{Working Days}) \times 30$	Enforces strict 6:00 PM daily check-in discipline
Quality & Turnaround Index	20 Points	$20 - (\text{Overdue Tasks} \times 5)$ (Min 0)	Severe deduction for tasks passing deadline date
Revision Penalty Index	10 Points	$10 - (\text{Avg Revisions per Task} \times 3)$ (Min 0)	Rewards "First-Time Right" high quality work
TOTAL COMPOSITE SCORE	100 Points	85-100: Top Performer ? 70-84: Solid Performer ? < 70: Needs Improvement ??	

8. Enterprise Audit Logging & Immutability Protocols

- Task History & Revisions:** Every revision request logs requester user ID, timestamp, and detailed revision notes in `task_revisions`.
- Dual Approval Traceability:** Level-1 Team Lead review and Level-2 Department Head sign-off permanently record user IDs and exact timestamps.
- Atomic Sequence Integrity:** Task codes (TSK-YYYY-XXXXX) are allocated inside atomic database locks to prevent sequence collisions.
- Tenant Isolation:** All queries, relationships, and policies strictly isolate data by active `company_id`.
